

# FREE CLAYDESK WEB HOSTING

Simply visit:

<http://claydesk.runhosting.com/index.html>

The screenshot displays the ClayDesk website interface. At the top, the ClayDesk logo is accompanied by the tagline "outsourcing made simple". A navigation menu includes links for Home, Hosting, Domains, Extras, Signup, Support, Affiliates, About us, and Login. A "Region: Asia" dropdown is also present. A central banner promotes a "Try risk FREE and Upgrade" offer, highlighting "Signup FREE", "Upgrade any time", and a link to "See why paid hosting's a better choice". Below the banner, four main service boxes are featured: "Sales Live Chat" with contact numbers, "ClayDesk FREE Hosting Plan" for \$0.00, "Personal Hosting Plan" for \$2.99, and "Instant Software Installations" for various applications. Each plan box lists specific features and includes a "full details" link. A "Secure" button is located at the bottom right of the main content area.
